Dear Mr. Suchoski,

Enclosed please find as per your request of January 14, 1980, the completed MR Form 8 which was omitted in our application for mining.

Also, the total acreage disturbed will be 19 as assumed in your letter and there has been some signs of cattle grazing in the area, however, it is questioned as to what they are grazing on since the ratio of grass to land is 10 to 15%.

Mr. Carl Lipp of our office will be available for inspection on the 29 or 30 of next week. If this is convenient to you, please advise and I will notify Mr. Lipp to schedule this time for you.

If there is any further information needed, I will be glad to help.

Sincerely yours,  
MINERALS RECOVERY CORPORATION
